Jan. - Scripps Spelling Bee
Jan. - School Geo Bee
Mar. - Math 24
Apr./May - Math Meet

Updates

I would like to take this opportunity to welcome everyone back to school! For those of you that don't know me, my name is Celina Alvin. I joined the district last year as the Technology Integration Specialist and began taking on the Advanced Learning/GT coordinator role last winter. This year, we will continue services that Mrs. Koch and the classroom teachers implemented last year. We will also participate in academic competitions such as Math 24, Math Meet, Geo Bee, and Spelling Bee. I am also lucky enough to get to work with a group of middle school students on a daily basis during WIN time this year! I will continue to compile a monthly newsletter, to keep you updated on competitions as well as resources that are available. This newsletter will be available on the district GT website. Please take a look at some of the resources that are on the website as well. Feel free to contact me with any questions or concerns!

Tips for Supporting Your Child

According to the National Association for Gifted Children, here are some tips for helping your child at home:

- Be attentive to your child's comments and observations.
- Create an environment that promotes self-expression.
- Help him/her to develop skills and interests.
- Encourage him/her to explore the beauty of diverse cultures.
- Promote exploration and discovery.
- Emphasize effort and progress rather than perfection.
- Show your child how errors can be opportunities to discover and learn.
- Model positive ways to address setbacks and solve problems.
- Instill ways to help your child understand and regulate emotional reactions.
- Promote a healthy lifestyle.
